The JAA and SABWiL free legal seminar – Section 34 of the Constitution, access to courts

The theme of this discourse is section 34 of the Constitution, access to courts. We laud human rights and actualise this particular human right in honour of the women who marched peacefully to advance dignity, equality and freedoms for all on 9 August 1956. We honour the women who fought for the rights we enjoy today and particularly conscientize that we, as legal practitioners, play a vital role in ensuring that 'any dispute that can be resolved by an application of law' is 'decided in a fair hearing before a court, or where appropriate, another independent and impartial tribunal or forum'. When we practice law in line with our Court-craft Essentials top of mind, surely, we are true to those who fought for the demolition of the pass laws? Join us on the 7th of August 2021 between 10:00 am and 12:00 pm on Zoom to explore this with our panel of experts.

Kindly RSVP to viv@jaa.org.za with your name and any questions that you may have pertaining to the subjects under discussion. Junior attorneys and candidate attorneys are welcome, as well as any attorney who would like to improve their litigation skills.
