Dear Members

Important survey – Legal Sector Code

Dear GAA Members,

The Gauteng Attorneys Association (GAA) executive committee has voted to act as one of the amicus curiae in the case brought by Norton Rose Fulbright South Africa Inc against the Minister of Trade, Industry and Competition, the South African Legal Practice Council, and the Minister of Justice and Constitutional Development regarding the Legal Sector Code. While the GAA firmly believes in the importance of transformation in the legal industry, we share concerns about the viability and potential negative impacts of the current Legal Sector Code. We are considering joining this case as a friend of the court to provide our perspective on these issues.
