CHALLENGES WITH COMPANIES REGISTERED WITHOUT NAMES
(Notice 37 of 2019)

Dear Customers

Upon attending to system challenges, it was identified that on some of the company registration certificates, the approved name was not imported onto the documents. Therefore, all certificates for new companies registered from 17-30 May 2019 will regenerated on 30 May 2019 from 18h00.

Kindly use the latest certificate received. Confirmation of the correct certificate may be done by downloading the certificate by clicking on Certificates and disclosures/reprint Incorporation (MOI) documents.

CIPC apologises for any inconvenience caused.

Yours sincerely,

Adv Rory Voller
