RE: BACKLOG ERADICATION IMPLEMENTTION .

Due to the pandemic period and limitation brought by the Disaster Management Regulations, our office experienced Backlogs in virous section including delivery of registered deeds, which negatively impact on on-sales and municipality billing systems. The said backlog is currently estimated at: **DATA=16 264** and **MICROFILM= 21 754**.

During a virtual meeting our recent Stakeholder Engagement our office presented its strategy to eradicate all backlogs within a period of a month. The said strategy has been approved for start on 01st September 2020 and end on 30th September 2020 (one month).

During this period we are planning to deliver large numbers of deeds and document and conveyancers colleting same are urged to double check all delivered deeds for completeness and immediately bring any discrepancies to management's attention. Furthermore the office will not be accepting expeditions for delivery of deeds as it has proven to be the cause of delays of the backlog eradication process.
